WEATHER SYNOPSIS

The barometer has risen over this province, and fine, cool weather prevails over the Pacific Slope. Heavy rains are reported in Manitoba.

NO. 127—SEVENTY-SECOND YEAR

MOTOR BUS REGULATION IS DRASTIC

Provisions Under Act for Control of Motor Vehicles for Passenger and Freight Carriage Announced

TOLL CONTROL STRICTLY HELD

Routes Cannot Be Changed Without Consent of Minister of Public Works After Approval

PUBLIC passenger vehicles in the province operating over a set schedule will be required to pay a quarterly fee at the rate of \$1 for each passenger seat, including the driver, for vehicles up to and including a carrying capacity of twenty persons, and at the rate of \$1.25 for each passenger seat for vehicles of a carrying capacity of over twenty persons. In cases where freight is also carried, this shall be based on the freight carrying capacity of the vehicle at the rate of \$4 a ton.

Public freight carriers are to pay at the rate of \$4 a ton of 2000 pounds quarterly. Where a trailer is used, the capacity of the trailer shall be added to that of the main vehicle in computing the fee.

PROCEDURE ADOPTED The seating capacity and the carrying capacity of any vehicle which is used in the province where this is not fixed the Minister of Public Works shall have the right to determine this by authorizing an official to carry it out.

Where the aggregate licence fees paid by a licensee in any quarter is shown to the satisfaction of the minister to have exceeded an amount equal to 1 per cent of the gross receipts during that quarter, the amount of the excess may be refunded by deducting the amount from the next quarter's fee, or by refunding the amount to the licensee.

These regulations are incorporated in those prepared by the Minister of Public Works, and now authorized by him under the provisions of the Highway Act amendment which was passed at the last session of the Legislature.

DEATH RIDES IN COMPANY OF TORNADO

Path Is Strewn With Slain and Evidences of Destruction Throughout Central Texas

TOWN OF FROST SUFFERS WORST

(Associated Press)

DALLAS, Texas, May 7.—Digging through debris of tornado-swept areas of Central and South Texas, rescue workers today had recovered sixty-nine bodies and had removed more than 100 injured to hospitals and homes for medical treatment.

No estimate of the number made homeless was available, nor had an official estimate of the property damage been made; but those in touch with the situation predicted the loss would exceed \$500,000. The series of tornado disturbances spread havoc at widely separated points over an area of about 281,250 square miles, from Abilene, in the west, to Marshall, about 450 miles east; and from Childress, on the north, to Rung, about 625 miles south.

WITHOUT WARNING

The tornadoes struck without warning, and a large number of those killed were caught in the destruction of their modest farm homes. In one case a relief party found the bodies of nine members of one family in the wreckage of their home near Rung, where twenty-six persons lost their lives, and approximately sixty were injured.

PENSION VIEWS OF EX-SERVICE MEN EXPRESSED

(Associated Press)

OTTAWA, May 7.—The reaction of the veterans' associations to the power memorandum, which contemplated a complete reorganization of the present system of pensions administration, was voiced to the special parliamentary committee on returned soldiers' problems here by Lieutenant-Colonel L. R. Lafche, D.S.O., M.C., president of the Canadian Legion and representative of all the ex-service men's organizations, before the committee.

As expressed through Colonel Lafche, the veterans desire that the board of pensions commissioners, as at present, continue to receive all applications in the first instance and to make immediate awards of pensions in cases which it considers entitled to settlement.

REGIONAL TRIBUNALS "Additional to this board, however, the veterans' plan contemplates the establishment of regional tribunals, who will be empowered to hear applications in open court and

Manslaughter Count Against Vancouver Constable Dismissed

(Associated Press)

VANCOUVER, May 7.—A charge of manslaughter against Constable John Johnston in connection with the fatal shooting of Henry Gerzils while resisting arrest at Georgia and Richards streets, on the night of April 23, was dismissed by Magistrate H. C. Shaw after preliminary hearing in police court this morning.

Governor Bruce Will Arrive in Canada Saturday

VANCOUVER, May 7.—Lieutenant-Governor Bruce, who accompanied his niece, formerly Miss Helen Mackenzie, to England for her marriage to Mr. Julian Piggott, on April 29, is arriving in Canada on Saturday, May 10. Accompanying him is Miss Madge Mackenzie, Mrs. Piggott's eldest sister, who will assume the duties of chaperone at Government House in the place of her sister.

MARKETING ACT CHALLENGE IS DUE IN FALL

Lawson Versus Committee of Direction Will Come Before Supreme Court of Canada Later

(Associated Press)

VANCOUVER, May 7.—Appeal of A. C. Lawson, fruit rancher of Carson, near Grand Forks, from the decision of Mr. Justice Murphy in Supreme Court, in the action against the Interior tree, fruit and vegetable committee of direction, in which the validity of the Produce Marketing Act is attacked, will probably come before the Supreme Court of Canada at its Fall sittings.

It is a test case. Mr. Lawson is nominal plaintiff for independent fruit growers of the Interior, including Doukhobor organizations, in the vicinity of Grand Forks.

Mr. Justice Murphy, in March, affirmed the validity of the act, and rejected a contention that an enactment authorizing the collection of levies is ultra vires Parliament had submitted that levies constituted indirect taxation.

EFFORTS LAST YEAR An attempt was made last year to bring the Produce Marketing Act before the Privy Council in England, however, was refused on the ground that it was against a conviction where a fine or imprisonment could be imposed, and that the British Columbia Appeal Court did not have power to grant leave to appeal in such circumstances.

PRESENT ACTION The present action was then taken to test the validity of the act. It was lost in the Supreme Court in March, was taken on appeal to the Appeal Court in April, when the validity of the act was again affirmed. Appellant then applied for leave to appeal to the Supreme Court of Canada, which was granted.

REJECT IMMEDIATE HEARING Counsel for appellant applied Monday to the Supreme Court of Canada for leave to set down this case for hearing at the present sitting of the court. He urged that it was of the utmost importance to his client to have a decision at this time. The court, however, dismissed the application, deciding that the appeal should be heard at the Fall sittings.

Marshal Joffre Denies Reports Of Ill Health

(Associated Press)

PARIS, May 7.—Marshal Joffre, hero of the Marne, about whose health his friends have shown concern, insisted today that he was feeling quite all right.

The seventy-eight-year-old soldier attended business at the Superior War Council this morning as usual and issued a denial of reports of his ill health.

Marshal Joffre has been somewhat frail of late and his friends have shown some anxiety.

Efforts made yesterday at the marshal's home to learn the condition of his health were unsuccessful, newspapermen being barred. However, it was learned that he had not been so well on his return from a week ago from a visit to his birthplace. He had to be assisted from the train to his automobile, and he appeared to have aged greatly.

"Stay in Canada" Advice Is Given Graduates

(Associated Press)

KINGSTON, Ont., May 7.—"There is an urgent appeal that I wish to address to the young men and women of the country 'stay in Canada.' In these words Hon. L. A. Taschereau, Premier of the province of Quebec, endeavored to bring home to the 200 new arts and science graduates of Queen's University this afternoon, on the occasion of the Spring convocation, that their duty 'is toward the country of their birth, the country which educated them at considerable public expense.'"

"If statistics were published we would perhaps be appalled to learn of the number of those who have left us for the neighboring republic," the Premier, who was present to receive the degree of doctor of laws, declared. "I call this deserting one's post. The product of our universities are the youth of our country. With all that is implied by these words they are the manhood and womanhood of tomorrow."

There is room for everyone in our Canada. Some of our learned professors may be overworked, the top of the ladder is certainly not-politicians may have their full quota of willing, devoted and heroic soldiers—but in the scientific field, in the engineering world, in the development of our natural resources openings are unlimited.

"I say this, Ontario and Quebec, if they want to play in this Dominion the part that they are entitled to by their wealth, population and geographical situation, must stand hand by hand."

Two of Main Men Behind Budget

THE photographs reproduced here show two of the men behind the Federal Budget, a feature of which is a surplus of \$44,000,000. Left, Hon. Charles A. Dunning, the minister responsible for the budget, and right, Mr. W. H. Moore, chairman of the tariff board, which took the evidence upon which the budget was based. Two others prominently connected with the budget, but not shown, are: Mr. James Russell, retiring commissioner of tariffs, who drafted budget resolutions for the last time, and Mr. Hector McInnon, new tariff commissioner and former secretary of tariff board.

GOV'T ACCEPTS DOCTRINE OF PROTECTION

Mr. L. J. Ladner, M.P., Describes Liberal Budget as "Monster of Political Ingenuity"

HON. H. H. STEVENS ADJOURNS DEBATE

(Canadian Press)

OTTAWA, May 7.—The House of Commons presented a far different appearance today from that of yesterday. The crowds of yesterday which thrilled to the challenge of Hon. R. B. Bennett and the Prime Minister's election announcement, were gone. The floor of the chamber was but sparsely filled. While a number of speakers carried along the debate on the budget, interest in it appeared to have evaporated. The idea of an election dominated Parliament.

Mr. L. J. Ladner, Conservative, Vancouver South, charged the Government with accepting a doctrine of protection which had been formerly denounced.

DESCRIBES BUDGET The budget was a monster of political ingenuity, said Mr. Ladner. Its head was the American eagle. Continued on Page 2, Column 5

STRAWBERRY CROP ON MAINLAND TO BE MUCH REDUCED

(Associated Press)

VANCOUVER, May 7.—To what extent has the strawberry crop of the Lower Mainland suffered by the frosts of last Thursday and Friday nights?

The Japanese Growers' Association of the Duke and Duchess of York, over the week-end tried to make an examination of plantations at Steveston, Haney, Hazelton and Whonnock, and that there appeared to be almost 100 per cent loss of early strawberry blossoms. Consequently they looked for a much reduced crop.

Duke Has Praise for Reporters

(Associated Press)

LONDON, May 7.—Reporters and writers of "gossip" columns in newspapers came to the Duke of York at the Duke of York at the Newspaper Press fund dinner tonight.

Speaking at the dinner, King George's second son said: "I owe a rather special debt of gratitude to the gossip columns. If I am in doubt as to what is happening in my own remark or action of my little daughter, though probably unknown to myself, is set out in detail."

Little Princess Elizabeth, daughter of the Duke and Duchess of York, is a favorite subject for reporters, especially women.

"The Duke, however, paid tribute to reporters in general. "The reporter is frequently working while the rest of mankind is playing or sleeping. He is out in all kinds of weather trying to get stories which everyone seems to be complaining to keep from him. Only those who have gone through the mill can realize how great is the strain on the staff of a modern newspaper."

BILL PROPOSES REDUCTION IN AREA OF PARKS

(Associated Press)

OTTAWA, May 7.—A bill was introduced in the House of Commons today dealing with the number of national parks by Hon. Charles Stewart, Minister of the Interior.

The principal change brought about by the bill are reductions in the areas of parks in Alberta and British Columbia. In the past the official name of the park at Banff has been the Rocky Mountain Park. The bill changes the name to Banff and defines the boundaries cutting off a portion on the east side, which is not in the mountains. The area of the park will now be 2,585 square miles. An eastern portion was also taken off Jasper Park, leaving it with an area of 4,200 square miles.

Yoho Park, in British Columbia, has certain mineral lands taken from it and the area will be thirty-one square miles. Glacier Park, B.C., was reduced to fifty-three square miles.

U.S. Commission To Aid in Road Project Inquiry

(Associated Press)

WASHINGTON, May 7.—A House bill to authorize President Hoover to appoint a commission to co-operate with Canada in determining the feasibility of constructing a highway to connect the Northwestern part of the United States with British Columbia, Yukon Territory and Alaska, was passed today by the Senate and sent to the President.

CALMER DAY IN INDIA IS EXPERIENCED

(Associated Press)

LONDON, May 7.—As suddenly as they had flared up, India's civil disobedience disorders today subsided. From a widely flung storm of violent encounters yesterday

separated clashes, the scene on April 18, of a previous battle, in which two Europeans and several natives were killed.

Again at Calcutta armed police were compelled to act. A mob raided the police station, smashed in its iron gates and there was checked several police officers suffered injuries and twenty-five arrests occurred.

FOUR KILLED IN RIOTS Simla reported officially that four deaths had occurred in yesterday's riots. In the civilian hospital ninety-six persons were received. To this number were added eighteen police injury cases.

Advices from Delhi stated that patrols of cavalry, infantry and armored cars were being maintained today.

The arrival of V. J. Patel at Bombay, and his pronouncement for a widespread boycott against British goods was the outstanding development in that district. Dispatches did not indicate how Mahatma's followers would accept this attitude.

The comparative quiet in Bombay was broken only by an early onslaught of a mob upon textile workers, who sought to prevent reopening of cotton mills.

ROUND TABLE PARLEY The Government continues to avoid any utterance which might tend to inflame the native mind. Moderate Indian opinion, it was stated, continues to support the Government. There was a hopeful forward looking attitude for the proposed round table discussion.

Thus far the Government forces had emerged with only one fatality, the killing of a British citizen in Peshawar. This was pointed to as a matter for congratulation as well as an indication of the prompt action taken by the authorities.

Denials were given officially at Poona that the Fourth Battalion of the Maharatta Light Infantry recently had refused to obey orders to march to that city. Similar advices from Allahabad stated that the Benares police had remained loyal, dispelling rumors of disaffection.

Ontario Premier Might Postpone Trip to England

(Associated Press)

TORONTO, May 7.—While Premier G. H. Howard Ferguson had planned to visit England in June to take part in the opening of the new Ontario Government offices, it is said his visit will be postponed on account of the forthcoming Dominion election, providing the election day comes in July.

Should the election be held in August, it is probable the Premier will proceed to England, returning home in July ready to lead the Conservative forces in Ontario.

Support of British Gov't to Viceroy Is Pledged

(Associated Press)

LONDON, May 7.—The part which Communist propaganda from across the Afghan border played in last week's disturbances in the northwest province of India was a matter raised in the House of Commons today by the Earl of Winterton, who was undersecretary for India in the last Conservative government. The Earl, who is the member for Hordham and Worthing, asked the Government for an explanation of the occasional references to "Red" agitation in and around Peshawar—references contained in several recent newspaper dispatches.

It was important to know, declared the questioner, whether the seditious campaign among the hills men originated from within, or from without, India. The Secretary of State for India, the Rt. Hon. Wedgwood Benn, said he was not ready to answer the questions from the communications to hand. The Earl's query followed a review of the Indian situation by the secretary for India, in which the Government pledged itself to support the Viceroy and the Government of India to the utmost extent in its handling of a difficult situation.

Mr. Wedgwood Benn showed that the troubles were comparatively limited. Only certain parts of the Bombay presidency and of Bengal and one district in the Northwest had so far been seriously affected. The Moslem community, as a whole, held aloof from the disturbances, and the princes and independent states of India could be counted on as loyal.

In the House of Lords, Earl Peel, who was twice Secretary of State for India, urged the Governments of Great Britain and India to be more explicit in their statements on the situation in order to relieve the general anxiety. Lord Peel was inclined to attribute much of the trouble in Calcutta and Peshawar to the activities of the Sikhs.

AGREEMENT IS NOT YET ARRIVED AT

Leaders of Parties in Commons Hold Conferences as to Length of Present Session of House

DISSOLUTION MAY OCCUR THIS MONTH

(Canadian Press)

OTTAWA, May 7.—Conferences which have taken place between leaders in the House of Commons have not thus far resulted in an agreement as to the length of the session. It is stated on excellent authority, however, that there is a desire to co-operate in getting the business of the House through with reasonable dispatch.

A number of members have signified their desire to speak on the budget, and it is expected the Government will permit the debate to proceed for a few days more at least. By that time it is possible that a general view of its length will have been arrived at, and an idea of what time will be necessary to conclude the work of the session obtained.

As far as can be ascertained, there is no desire on the part of any party or group in the House to obstruct the business of the session. Some conjecture prevails as to what course the Government would pursue in the event of such an intention manifesting itself. Naturally the Government will wait until such a condition becomes evident before announcing a course of action. It would, however, be surprising if there was any hesitation in dissolving Parliament should there be evident obstruction in the House.

DISSOLUTION Parliament will not likely dissolve until late in the month if dissolution is to be brought about by the suggestion of Premier Mackenzie

DR. MURRAY IS CONSECRATED AT MONTREAL

Prominent Catholics Attend Ceremonial at St. Ann's Church—Many Prelates Present

(Associated Press)

MONTREAL, May 7.—With every detail of elaborate ceremonial Right Rev. Gerald C. Murray, Bishop of Victoria, was consecrated this morning in the historic church of St. Ann's.

Printed booklets containing the prayers of impressive service were distributed among the clergy and laity and the ceremony extended over two hours, with the apostolic delegate, Monsignor Andre Casullo, as consecrator, the Archbishop of Vancouver, and Bishop Deschamps, of Montreal, as co-consecrators, and with Archbishop Gauthier assisting at his pontifical throne.

Service included reading of credentials, receiving of the oath of submission to Holy See and inquiry into orthodoxy of faith of candidate. The mass proceeded with consecrator and bishop-elect celebrating simultaneously at the same altar. The consecrator then made known the duties of a bishop.

The consecration proper being over, the investiture with ring, continued on Page 2, Column 5

UNSEATING OF MEMBER ASKED

MOTOR BUS REGULATION IS DRASTIC

Continued from Page 1

Applications for licences to operate public vehicles must be made on the forms prescribed by the minister. With the application shall be three copies of the schedule of tolls, stating rates and fares, with the rules and regulations governing the same. The schedule of schedule of time and route, maps showing the proposed route with intermediate points named in time schedule, and other information as the minister shall require.

There shall, before the issue of the licence, be deposited with the minister security as required under the act for the purpose of covering the damages or compensation which might follow any accident, and which is set out in the regulations.

ACCIDENT SECURITY

In the matter of this security which is to be deposited by the licensee under the act, it is set out that this shall be utilized for the payment of damages or compensation in respect of a personal injury sustained, which the licensee is liable to the following schedule: In the case of a public freight vehicle, not less than \$5,000 for injury to one person; in the case of a public passenger vehicle having a seating capacity of not more than twenty persons, not less than \$5,000 to any one person and a total of \$10,000 for all persons sustaining personal injury in any one accident; in the case of a public passenger vehicle for more than twenty persons, not less than \$5,000 for one person and a total of \$10,000 for all sustaining injury in one accident; in the case of a public passenger vehicle for more than twenty persons, the total shall not exceed \$20,000 for all injured in one accident.

It is provided that the Lieutenant-Governor in Council shall have the power to alter these upward or downward. Failure of the licensee to maintain security to the full amount prescribed shall constitute sufficient cause for the suspension or revocation of the licence.

Where it is shown to the satisfaction of the minister that the public vehicle is not to be operated over a stated route or between fixed termini, the minister may exempt the applicant from compliance with the operation.

It is specified that the licensee shall issue a bill of lading for all freight carried other than hand baggage, specifying what the position of the shipment is. In the case of schedules of passenger tolls, it will be required to be set out clearly and explicitly the terms as to stopovers, children's fares, baggage rules and all similar matters. The rates with regard to freight are to be set out clearly.

CONTROL OF TOLLS
Any change in tolls must be set out and submitted to the minister and approved before becoming operative. It shall be in the power of the minister, either on his own initiative or on petition of any other person, to order any toll schedule to be withdrawn, modified or suspended.

In connection with the freight and passenger rates, the regulations apply similar rules to those in effect governing railway companies. There must be no carrying of passengers for charitable or patriotic purposes. The rates must be equitable to all, and no refund shall be made to a shipper except such as is extended to all persons using the line.
Provision is made for the posting of schedules at all stations of arrival and departure of vehicles at all stations. There are also rules laid down that, where the schedule is to be altered, a new timetable must be issued, setting out the cancelled service and the new one. This shall prevail for fifteen days, after which time the new schedule shall be deemed to be the regular schedule.

INTERRUPTION PROVISION

Interruptions which are likely to continue over twenty-four hours must be reported to the minister and to the public along the route, with the cause of the interruption and the probable duration of it. Discontinuance of a service without notice over a route for five days continuously shall be deemed to constitute forfeiture of all rights, and resumption may be allowed only upon satisfactory evidence being placed before the minister.
Fifteen days' notice is required to be given to the minister before a licensee may properly discontinue a service. The minister must give his written consent to the discontinuance.

BRAKES TO BE TESTED

The vehicles must be operated over the route specified to be operated over, and cannot be altered to another route without the consent of the minister. The brakes of every public vehicle must be tested each day and kept safe for transportation.

There are adequate rules made with respect to the discontinuance of a vehicle on a run when it is deemed unsafe. Also the rules are promulgated to ensure the safety of the public, including the prohibition of overcrowding of the capacity of the vehicle. Provision is made for the employment only of capable chauffeurs, who shall be of good moral character. A chauffeur shall not drink any intoxicating liquor while on duty nor shall he smoke while driving. A chauffeur dismissed for this cause shall have his case reported to the provincial police, with the reasons therefor.
Inspection by a competent inspector shall be made of each vehicle at least once a day, and it must be kept in first class order. The vehicles must be open to inspection at all times by a person who may be named to do so by the minister. A record of the vehicles licensed under the regulations shall be kept showing the route covered, and the gross receipts, and these shall be available by the minister or a person authorized by him to make an inspection.
"Do you know, I haven't spoken to my wife for five weeks."
"Don't let that worry you, old man. Your turn will come next."

Centennial Choir Wins Shield at Musical Festival

Continued from Page 1

and Mrs. J. M. Anderson, of Vancouver, receiving 231. While the award was tremendously popular, the merits of the respective competitors were generally recognized to be so closely balanced that most of the audience sympathized with the adjudicator in his apparent difficulty to arrive at a decision. Miss Hartree, as the winner of the contest, retains her possession of the Columbia School of Music Cup, which she won last year, and also received the silver medal given by the James Bay Hotel.

OTHER FEATURES

The evening yielded a number of other interesting things. One of the most sensational was the playing of little Leonora Zschdich, of Vancouver, winner of Class 61 elementary violin, concert, and the Thomas Plimley, Limited, silver medal. Born in Queneau, B.C., on July 21, 1919, she is not yet eleven years old, but has a well-developed talent for the violin. Her father, who has been teaching her for the last four years, is himself a professional violinist who played first violin in the grand opera at Leipzig, Germany, for ten years under the famous conductors, Gewandhaus and Nikisch. His health failing, he moved to British Columbia in 1919 to take up farming in the interior, but subsequently brought his family down to Vancouver, where he teaches music and plays in the orchestra. Of his five children, three are clever violinists. Leonora, who won the contest here yesterday, competed here last year also and won the Times Cup and a silver medal in the Victoria Festival, and also won the silver medal in the primary class in the Vancouver Festival.

Her remarkable playing of the two test pieces, Eveready's "Romance" and Percy Miller's "Rustic Dance," won her an ovation from the great audience present last evening.

The programme opened, as on the previous evening, with a short organ recital by Dr. Wilman, this again being very much enjoyed. The intermediate church choir contest followed. The winners of Class 55, pianoforte duet, intermediate, then performed the festival test piece, Spindler's "Le Cavalier."

These ladies were Alice Anderson and Margaret Ingalls, of Courtenay, who showed excellent union in their music. Jack Garbutt, of Vancouver, winner of the vocal solo class for boys under sixteen, gave a delightful rendering of "Hark! Hark! the Lark," and the winners of the vocal duet (Class 31), Messrs. R. M. Humphreys and Frank Spooner. The only competitor in the open class of vocal solo was Mr. Marc Plard, of Bellevue, Aja. In the following number on the programme the audience heard Ted Kipling, playing the piano, and the winners of the piano-forte classes, by recalling him for an encore after his performance of the difficult, Dominican rhapsody in F sharp minor, and "Ravel's" "Jeux d'eau."

ADJUDICATION

In connection with the adjudication of the intermediate church choir contest, held in the evening, Dr. Wilman queried the wisdom of selecting two songs like Wood's "Full Fathom Five" and Williams' "Sweet Day" for church choirs. It would be more useful, he thought, if church choirs were given easier songs, which they could use apart from the festival. It was undoubtedly a disadvantage to church choirs, accustomed to singing hymns, to be confronted with two songs of secular character, such as these, and which they would naturally have a tendency to give a "churchy" character. A lack of complete appreciation of the musical character of the words of the ecclesiastical mode of the music in the second number was general, he noted. The work of the winning choir (Gentlemen) was characterized as virile, the bell theme of the "Full Fathom Five" being treated better by this group than by its own competitors. In "Sweet Day," however, Centennial's treatment was too heavy. Emmanuel Church Choir's treatment of this number was better.

In passing judgment on the finalists in the cantata solo contest in the evening, Dr. Wilman expressed his opinion of the afternoon, saying that he did this largely on account of the singers' respective reactions to the audience and Miss Hartree's unusually beautiful treatment of the recitatives and choruses in the second number. Mrs. Anderson's voice, he thought, had a purer cantata quality.

Class 21—Intermediate church choir. Membership under forty-one; not less than twenty-five to sing. Competing for the Kiwanis Club Challenge Shield, held during the past year by Emmanuel Baptist Church choir. Test pieces (a) Charles Wood's "Full Fathom Five"; (b) Vaughan Williams' "Sweet Day"

(both unaccompanied). Winner, Centennial United Church choir, conducted by Mr. Frank Tugman; 164; 2, Emmanuel Baptist choir, conductor, Mr. G. H. E. Green, 162; 3, St. Andrew's United choir, Nanaimo, 160; 4, St. James' choir, 158; 5, 149. Adjudicator, Dr. Healey Wilman.

Class 73—Violoncello, open. No award.
Class 34—Vocal solo, contralto; competing for silver medal given by James Bay Hotel, and for the Columbia School of Music Cup, held by Miss Dorothy Hartree. Winner, Miss Dorothy Hartree, total marks, 232; 2, Mrs. J. M. Anderson, Vancouver, total marks, 231. In the preliminary contest in the afternoon, Miss Hartree was awarded 162 marks, and Mrs. Anderson 167. Test pieces: (a) Ambrose Thomas' "Knowest Thou Not That Far Land?" (b) Ivor Atkins' "Too Late." Adjudicator, Dr. Healey Wilman.

Class 87—Elocution, ladies; competing for silver medal given by Mrs. L. A. Gane. Winner, Nellie Scowen, 175; 2, Kathleen G. Martin, 173; 3, 174. Test pieces: (a) W. H. Drummond's "Madeleine Vercheres," and Charles G. D. Roberts' "Hilltop Story."

Class 88—Elocution, men; competing for gold medal presented by Miss K. Agnew. Winner, Mr. Wilfred Ord, 175; 1-2; 2, Mr. Herbert E. Post, 175; 3, 176. Test pieces: (a) Alfred Noyes' "Forty Singing Seamen"; (b) Robert Browning's "The Last Leader." Adjudicator, Mrs. Stanley Skeen.

The above classes also competed for the B.C. Dramatic School senior challenge cup, formerly held by Miss Mary Higgs, and Mr. Wilfred Ord was the winner.

GOV'T ACCEPTS DOCTRINE OF PROTECTION

Continued from Page 1

On the side facing the Prairie Provinces it carried the flag of the British preference and on the side facing Ontario the flag of protection. Its body was the mangled form of the Liberal party.

Mr. Laidner reviewed the policy of the Liberal party on tariff matters since 1892, in an attempt to show the Government had made a complete change of policy in accepting the doctrine of protection which it had formerly denounced.

Mr. Laidner quoted from a recent article in the "Toronto Star" in which the Minister of Finance had declared that the tariff must be made to serve the best interests of the Canadian people as a whole, and that it should be adjusted from time to time as circumstances warranted. The Government stood by its past policy and intended to pursue that policy in future. Consequently, Mr. Laidner had said, but that policy, economic depression, unemployment and a balance of trade, and a reduction of revenue. Consequently, with some knowledge of the public mind, which reflected Conservative policies, the Prime Minister had reversed his own attitude and a budget had been brought down contrary to all previous declarations.

"MAZE OF POLICIES"

When the election campaign began the Prime Minister will find it difficult to navigate through the maze of proposals and policies, which, said Mr. Laidner, he had propounded for the past years in order to reconcile them with what he now advocated.

Mr. J. S. Woodsworth, Labour member for Winnipeg North Centre, suggested that the Prime Minister was "getting away from Laurier Liberalism with a vengeance." He advocated extension of the free sphere. It should not be confined to the British Empire.

The debate was adjourned by Hon. H. H. Stevens (Conservative, Vancouver Centre) who will resume the discussion tomorrow.

DR. MURRAY IS CONSECRATED AT MONTREAL

crowd and mirth proper to episcopal order took place. Then, as an imposing climax, the new bishop was enthroned, and led by his two assistant bishops, he walked through the aisles of the church, blessing the people.

His Excellency, the apostolic delegate, and eighteen archbishops and bishops, as well as 250 priests, representing the clergy of Canada and the United States, were present. There was also a large gathering of the Catholic laity, including Hon. Peter Heenan, Minister of Labor, and Rt. Hon. C. J. Doherty, former Minister of Justice.

Dr. Murray is a native of Montreal, and many of his relatives attended the service. It was the first time an English-speaking bishop had been consecrated in the city. The sermon was preached by Archbishop McNeill, of Toronto.

SHAWINIGAN FALLS SHAKEN BY BLAST; \$75,000 DAMAGE

SHAWINIGAN FALLS, Que., May 7.—The entire town of Shawinigan Falls was shaken last night by a blast that wrecked No. 5 plant of the Shawinigan Chemicals, Limited, and shattered windows in several nearby buildings. Fires followed the blast, and damage was estimated at \$75,000. Several workmen had narrow escapes, but there was no serious injuries.

who will be vested with full jurisdiction with respect to the Pensions Act. For this purpose all files and documents in possession of the Department of Records should be placed at the disposal of the tribunal, whose awards will bind the pensions commissioners in ordering payment of pensions.

It is also asked that statutory provisions be made to give the pension applicant the benefit of any reasonable doubt.
The veterans ask that if the pensions commissioners, in the first instance, are unable to make an award to an applicant, then that applicant's claim shall be referred to the regional tribunal in the district where the veteran resides. All facilities will then be placed at the applicant's disposal to appear before the tribunal, with counsel if necessary, to argue his claim. Meanwhile the pensions commissioners will have given the applicant full information as to the preparation of his claim.

PREPARATION OF CASES

The plan provides for an adequate staff of soldiers' representatives, whose duty it will be to assist soldiers in preparing their cases. The suggestion is advanced that these representatives be controlled and directed by the chief of pensions appeal court, which the veterans ask should be set up. This court will be one of separate jurisdiction, comprising three members, one of whom shall be chief or principal judge. It will be a mobile body.

The committee, which is under the chairmanship of Mr. G. G. Power, (Liberal, Quebec South), will at its next session confer in camera on the suggestions of Colonel Lafleche.

DEATH RIDES IN COMPANY OF TORNADO

Continued from Page 1

Prost, a town of 1,000 in Central Texas, was the hardest hit of the towns struck. Business district was practically destroyed and twenty-two of its residents killed and a large number injured.

Seven at Bynum and six in other sections of Hill County; two at Aest; one at San Antonio; three near El Paso and two at Bronson.

SEARCH THE RUINS

Throughout last night rescue workers searched the ruins for the injured and dead, and today the work of rehabilitation was begun. Governor Dan Moody ordered the Adjutant-General to send as many troops as were needed to patrol the streets and to aid in the relief work at Prost.

The Governor was informed that Albert Evans, assistant national director of Disaster Relief of the Red Cross at St. Louis, was en route to the stricken area, and that all Red Cross agencies had been brought into play.

Many of the usual freaks accompanying tornadoes were reported. Runge and Nordheim, six miles apart, between which a wide path was made by the storm in that section, were not touched, the twister sweeping just to the south of each town.

The affected area near Runge was about 300 yards wide and about fifteen miles long, traversing a thickly settled farming district. Many of those killed were Mexicans.

A number of doctors from nearby towns were in the Runge area, and efforts were made to prevent an outbreak of typhus.
Most of the victims of the storm at Prost will be buried tomorrow in a single funeral service.

Decree Nullifies Entire National Council Election

MONTREAL, Monaco, May 7.—Prince Louis has issued a decree nullifying the election of the entire National Council because of "having been carried out contrary to the constitution."

May 17 and 18 are named as dates for a new election.
The general elections were held March 30, when the party of the prince, represented by Mayor Eugene Marquet, won overwhelmingly. The delegates chosen met on Sunday and elected the National Council, which Prince Louis today averred was not the one which the population had instructed them in its election mandate to choose.

MAYOR'S ELECTION IS DECLARED VOID

THREE RIVERS, Que., May 7.—Election of Mr. Arthur Bettes as mayor of Three Rivers was declared void today by Justice Marchand, when Mr. Bettes declined to contest charges of irregularities brought by Mr. W. Normand. A new election, will be held within thirty days.

Immigration To Dominion Shows Decline
OTTAWA, May 7.—Immigration to Canada for the fiscal year ended March 31 last totaled 163,268, a decrease of 4,434, or 3 per cent, compared with the previous twelve months. Of the total, 64,982 were from the British Isles, 30,727 from the United States, 30,332 from Northern European races and 38,147 of thirty-three other races.
British immigration in the year increased 5,202 over the previous twelve months; immigration from the United States, 167; of Northern European races the increase was 753, while of all other races the decrease was 10,556.
From April 1, 1929, to March 31, 1930, the number of Canadians who had gone to the United States intending to stay there and returned to Canada for permanent residence was 20,830.

CANADA'S RAILWAY SYSTEMS

Through the courtesy of the Minister of Finance The Colonist has been supplied with a complete report of the Budget Speech. The Budget in all its details was not published in the newspapers in Western Canada, because those details did not appear in the speech as delivered by the Minister; they were ordered to be printed in Hansard for the information of members of the House. We have glanced over the details omitted from the speech, probably because they might have proved wearisome to the flesh of the members, and have discovered certain items which will be of interest to the taxpayers of the country. Following is one table which should not be completely destitute of interest to the public:

Canadian National Railway Company Guaranteed Bond Issues in 1929		
Authority	Amount	Interest
Railway Loan Appropriation, 1929-30	\$49,656,865.31	4 1/2%
Branch Lines Construction, Special Act	8,710,609.00	4 1/2%
Toronto Terminal Railway Act	232,516.03	4 1/2%
Canadian National Montreal Terminals Act	7,300,000.00	4 1/2%
1929: Quebec, Montreal & Southern Railway	6,198,645.41	4 1/2%
Inverness Railway	387,415.34	4 1/2%
Kent Northern Railway	61,986.45	4 1/2%
Quebec Oriental Railway, and the Atlantic, Quebec & Western Railway	3,615,876.49	4 1/2%
Northern Alberta Railway	3,409,254.97	4 1/2%
Repayment \$40,000,000 Temporary Loan, 1928, issued under the Appropriation Act of 1927 and 1928 and the Canadian Northern Income Charge Act, 1928, (refunding)	40,428,896.40	4 1/2%
	\$120,000,000.00	

Appended to the table is the following:
Loans and advances of the character just referred to have been made during the year and being non-revenue producing, are treated as expenditures. Under this head the largest item is \$2,833,000 for the deficits of the Canadian National Railway. \$1,629,800 was paid to the Canadian Government Merchant Marine, and \$862,000 to the Canadian National (West Indies) Steamships, Limited. The other advance under this head is in the sum of \$2,821,000 to the Quebec Harbor Commission.

There are many other items in the public accounts bearing upon the financial relations of the Government with the Canadian National Railways. With the generous assistance of the Government the Canadian National Railways are constructing new lines in several parts of Canada, new terminals in some of the cities in Canada, purchasing old lines in parts of Canada and the United States, and establishing steamship lines in many waters, for the purpose of competing in service with the rates with the Canadian Pacific Railway, a private company which makes no demands upon the Government and asks no favors from the Government.

Supporters of the Government may "point with pride" to the service rendered by the nation by the subsidized railway and the equally alleged success of a policy of Government ownership and operation of the national railway, but the individual who is not prejudiced politically will surely be inclined to inquire whether it is fair and just that an institution drawing so largely upon the national exchequer should be thus encouraged in its competition with a private company which must depend upon its own resources, initiative and enterprise for its success in the conduct of a business in which so many investors are interested.

True, at one stage in its early career the Canadian Pacific Railway appealed to a Canadian Government for assistance to tide it over a period of business adversity; but at the same time there was a financial depression in this country and throughout the world. The Canadian Pacific Railway met its obligations to the Government. It established itself in a position of independence. Railway lines which had been pioneers in the hazardous business of transportation in Canada and had brought opportunities for the achievement of successes failed to meet their obligations and became bankrupt.

The wrecks were taken over by the Government and have been a heavy charge upon the taxpayers of the country ever since. Instead of decreasing, those charges appear to be increasing, and there seems to be but little prospect that they ever will cease. In the meantime the Canadian Pacific demonstrated that it was the real pioneer railway system of Canada. It opened the Great West to settlers and developed the business which follows settlement. It connected the Province of British Columbia with Eastern Canada and made the country a political and business unit. It built steamships and sailed them through every sea. Its house flag flies in every important port of the world. Its ferries are the pride of every traveler along the Pacific Coast. It has led, and others are trying to follow—with the help of substantial subsidies from the Government. The average man loves fair play. Canada is not playing fair with the Canadian Pacific Railway. The observations of Mr. E. W. Beattie upon this matter are quite justified. They are not the complaints of an executive who fears legitimate competition.

FINAL WORD ABOUT VIVISECTION

We have been caught in and convicted of an act of terrible indiscretion. Without giving much consideration to the inevitable consequences, we printed something about the utter wearisomeness of the discussions on the question of vivisection. We said vivisection could not be a matter of deep interest to the average person in Victoria because vivisection was not generally practised here and that anything we or anybody else might say on the subject would not be likely to affect the detestable practice in remote places. Our unfortunate remarks appear to have created as much excitement within certain circles as the announcement of the Premier that he had decided upon holding a general election created in the Canadian House of Commons. We received several letters on the subject yesterday, and more

the day before. In fact, we have received so many letters that we could not possibly print them all without crowding news of a general interest out of the paper. In the interests of our readers, with a Dominion general election coming on almost immediately, with an uprising in India which may develop into real rebellion threatening, with that aggressive Canadian, Lord Beaverbrook, winning a bye-election in England practically "off his own bat," according to the correspondents of the newspapers—with many things actually happening and other things likely to happen, we believe it will be better to suspend all discussions on vivisection until the world settles down and becomes normal. Besides vivisection is a subject that will keep, that will not suffer from a short period of confinement in cold storage. The arguments and quotations of its opponents are merely repetitions of things which have been said over and over again. We make this announcement for the purpose of saving correspondents from much unnecessary research and labor.

DISSOLVE AND GET IT OVER

As far as dispatch of business of importance is concerned, the usefulness of the present Parliament is at an end. When the mind is otherwise engaged, it cannot devote strict attention to business. The hearts of the members are in the constituencies and the minds of the members are pondering over the chances of success in the pending elections. So the Opposition might just as well permit the Government to obtain supply and proclaim dissolution.

The Government seems to be confident that the Budget has struck a popular chord, and it wants a test of public opinion before the Opposition has a chance of striking something that may turn the popular chord into an unpopular discord.

The Opposition seems to be quite as confident of the result as the Government. Governments and Oppositions are always like that. The people who sometimes turn out Governments and turn in Oppositions are vocally inarticulate and must express their opinions through a ball's box. That is why elections are such uncertain things. And that is why there is always such a profound interest in elections.

The only definite feature of the coming election is that it will be bitterly contested. If the Opposition could gain a few seats in Quebec and in the West, there would be no doubt whatever of its success, and the chances of its doing that are brighter than they have been for a decade. There will be no changes in British Columbia, and if there are any in Ontario they will be in favor of the Conservatives. So that the confidence of the leaders of the Conservative party is not without justification.

THE NEW BARBARISM

Democracy and universal education have combined to bring into existence a vast new public capable of reading. It is a public without cultural standards, whatever it may be in time to come. It has merely a taste for the literary. For most part, it has no taste to submit itself to the hard work and intellectual training that culture entails. It wants to be amused and have its ego fed. Above all, it wants to be heard. It wants to be heard as any other age. We have our radio, telephone, luxurious liners, our public hotels as sumptuous as royal palaces. We have harnessed the lightning, and the waterfalls do our bidding. We make our voices heard ten thousand miles. We have crossed the ocean in a day. We weigh the stars. But with it all has come a spiritual malaise. In growing all-powerful, man has lost his own sense of greatness. We have lost the dignity, that at least religion gave to life. Our ethics have dissolved. Science in the popular mind has made man a mere animal, if not a mere automatic switchboard of incoming and outgoing "calls"—impressions and reactions—J. Truslow Adams, in Current History (New York).

THE DEATH PENALTY AS A DETERRENT

It is not enough to have a death penalty established by law. The police and the machinery of justice must work so efficiently as to make it virtually certain that the wrongdoer will suffer it. Where, as in America, every murderer has grounds for thinking that he has a sporting chance of escape, it is not an effective deterrent. But with us it is, and we must think long and deeply before we abandon it.—London Evening Standard.

GRADUATES OF UNIVERSITY TO TAKE DEGREES

Two Hundred and Twenty-Nine Students Will Receive Their Diplomas at U.B.C.

HONORARY LL.D. FOR DR. T. H. BOGGS

VANCOUVER, May 7.—One of the largest graduating classes in its history will be honored by the University of British Columbia on Thursday afternoon, when 229 students will receive degrees in arts, applied science, agriculture, commerce and nursing.

Results of the final examinations were announced this morning following a special meeting of the university senate. More than 1,800 students were successful in the various years.

In recognition of his splendid record for the University of British Columbia, the senate this morning decided to grant an honorary LL.D. degree to Dr. T. H. Boggs, head of the department of economics, who has resigned to accept a position on the faculty of Stanford University.

In deciding to make the award, the senate recalled his distinguished career. He has built up a strong department at the university his students have won academic positions in various parts of the world. Dr. Boggs holds three degrees: a Ph.D. from Yale, an M.A. from Yale and a B.A. from Acadia and York.

Degrees will be conferred and prizes awarded at "congregation" in the university auditorium on Thursday at 3 p.m.

The new graduates will be welcomed into the fellowship of graduates at a dinner meeting of convocation at Hotel Vancouver at 7:20 p.m. The Hon. Mr. J. H. Macdonald, Brigadier-General V. W. Odlum will give an address on "What Lies Ahead."

Following are the winners of medals, scholarships, prizes and bursaries for 1929-30 in the University of British Columbia examinations:

CONSERVATIVES ARE JUBILANT

Show Gratification Over Winning First Seat From Labor Since General Election in England

(Canadian Press Cable)

LONDON, May 7.—Conservatives today were jubilant over the fact they have wrested the first parliamentary seat taken from the Labor since the general elections. In the West Fulham by-election yesterday Sir Cyril Cobb, Conservative, was elected by a majority over J. H. Banfield, Labor.

The new Conservative rallying cry of Empire economic unity and safeguarding for home industry was energetically bolstered in the West Fulham campaign by Lord Beaverbrook, Canadian-born newspaper magnate, who personally and with the greatest enthusiasm put his "Empire Free Trade" platform before the voters, speaking on behalf of the Conservative candidate.

Sir Cyril recaptured his old seat for he was defeated in the general elections. The seat had been the official Conservative platform of Empire economic unity, with the pledge of a referendum on the question of taxing foreign food imports to give Dominion producers a sheltered British market.

Lord Beaverbrook was extremely gratified at the result. "Glorious, glorious," he exclaimed, when he heard it last night.

Election Will Not Alter Liberal Meet in B.C. This Month

VANCOUVER, May 7.—Mrs. M. E. Smith, president of the Provincial Liberal Association, said today that the announcement of the Dominion election makes no difference with regard to the proposed Provincial Liberal Convention in Kamloops on May 30 and 31.

"It is for purely provincial purposes," she said, "and has nothing to do with Dominion affairs."

It is admitted in Liberal circles, however, that if Mr. T. D. Pattullo accepts a post in the Dominion convention the question of postponing the convention would have to be considered.

The main object of the gathering is to settle the provincial leadership of the party. Mr. Pattullo holds that office by the vote of his fellow Liberal members in the House and the endorsement of the executive of the British Columbia Liberal Association.

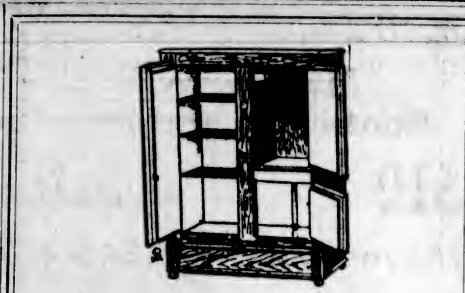

Only a full convention can give title to the office, however, and the Kamloops meeting was called for that purpose.

Lady (widow): "Do you know that my daughter has just let her eyes upon you, Herr Muller?"

Genleman (flattered): "Has she really?"

Lady: "Certainly; only today she was saying: 'That's the sort of a gentleman I should like for my papa.'"

SOCIAL SERVICE WORKER PASSES

Miss Alexandra Denne, Former Normal School Teacher, Died at Toronto Recently

Toronto papers recently received here pay eloquent tribute to the work in that city of Miss Alexandra Denne, who passed away at the Toronto General Hospital a short time ago, and whom many Victorians will remember as a teacher at the Normal School, where she was engaged over a period of five years. In connection with her passing, The Toronto Mail and Empire said:

"Sincere regret was expressed in nursing and social service circles of the city at the death of Miss Alexandra (Lexa) Denne, eldest daughter of Mr. T. H. G. Denne, of Peterborough, at the Toronto General Hospital, on Wednesday, Miss Denne, a graduate in arts and household science of the University

of Toronto, did post-graduate work at the Evangelical Settlement, and for five years taught at the Normal School, Victoria. She spent three years in the household science department of the Central Technical School. In the Fall of 1924 she became director of the Visiting Housekeepers' Association, at that time sponsored by the Toronto Red Cross Society. It was due to her splendid supervision and untiring interest that the organization became one of the best in the field of social service work in Toronto.

"A memorial service, in recognition of the valuable services rendered by her to the city of Toronto, will be held for the late Miss Denne, by Rev. Canon Cody, in his church, St. Paul's, on Wednesday of this week."

BELOUNT SOCIAL

An enjoyable time was spent on Monday evening by the members of the Young People's Society of Belmont United Church and their parents at a social. Miss Lillian Perry, whose group has charge, presided. The social was opened with a few words of welcome to the parents by Rev. James Hood, after which Miss Clara Hick sang two solos and Charlie Chapman gave two recitations. Mr. W. Cook, president of the society, also gave a short talk, informing the parents of the work of the society. Games were then indulged in, which were in charge of Miss Winnifred Chapman, and prizes were won by Miss Clara Hick and Mr. C. C. Perry. Refreshments were served by members of Miss Lillian Perry's group, after which everyone joined in a sing-song of old-time songs, this being in charge of Miss Clara Hick. Mr. Cook tendered a vote of thanks on behalf of the society to Miss Lillian Perry and her group, and also to Miss Winnifred Chapman and Miss Clara Hick for their assistance.

Mussolini's Son-in-Law and Daughter

The photographs show Signorina Edda Mussolini, daughter of Premier Mussolini of Italy, and Count Galeazzo Ciano, son of one of the dictator's ministers, who were married in the Church of St. Joseph at Rome. The church was decorated with priceless tapestries and red carpets covered the floor, while the impressive ceremony was conducted by Monsignor Giovenale Pascucci, rector of St. Joseph's parish.

Sketch Club Meets

The Sketch Club of the Island Arts and Crafts held the first sketching party of the season at the home of Mrs. A. J. Woodward, "Clovelly," on Monday afternoon. Mrs. Woodward was assisted in receiving her guests by Miss Woodward, convener of the out-of-door meetings, and, in spite of the coldness of the wind, some sheltered spots were found in the lovely garden, from which vantage points many excellent sketches were obtained. The wild flowers under the old oaks, and the plants in the rock garden were at their best. Tea was served in the sunroom and an enjoyable comparison of sketches made. On Monday next the Sketch Club will spend the afternoon as guests of Mrs. J. S. A. Bastin, Mount Newton Crossroad, taking the 12:15 o'clock West Saanich bus from town.

Fashion Fancies

By Marie Belmont

Stretching smartness over the Spring wardrobe is achieved by rubberizing a host of popular fabrics and creating waterproof versions of modish costumes. In a coat or sports suit of rayon shantung, jersey or crepe de Chine that has been waterproofed, one may safely forth to meet the whimsicalities of the weather with a gay heart. Following with precision the sartorial lines and details of the current mode, they are equally smart for sunny skies and sudden showers.

A model that has come with this pleasant reign is a model sketched here today, which obviously combines practicality and chic. Of green corduroy, the suit is equipped with an unusual jacket, individualized by a collar fastened with a buckle closely at the neck, and diagonal closing and tucks at the waistline. The skirt expresses the current enthusiasm for pleats in costumes of all types by using two box pleats which are set in one with the yoke at centre front.

STRAWBERRY VALE

At the regular monthly meeting of Strawberry Vale Institute held on Tuesday afternoon, plans were made to entertain the husbands and families of the members at a social evening, to take place at the Institute Hall, on Wilkinson Road, on Wednesday evening, May 14. Mrs. Humphries and Mrs. Huntington consented to convene the supper arrangements, and supper will be served at 6:30. By courtesy of the Department of Agriculture, the institute will this year again award books as prizes for penmanship to the pupils whose specimens of writing are judged to be the best, and a special prize will also be given to the pupil in Grade VIII who has the best record for the year's work, and who is not a "repeater." The treasurer was instructed to renew the membership in the League of Nations Society. Mrs. Grougave gave a resume of the card parties held during the winter, and handed in a substantial sum derived from the proceeds. Mrs. Grougave, who has ably convened the card parties, was accorded a hearty vote of thanks for her efforts in this direction. A communication from the superintendent, Mrs. MacLachlan, contained a brief report recently issued by the Department of Agriculture, Ottawa, and the members and their friends are invited to attend a demonstration of beef grading in the Chamber of Commerce, Victoria, on Wednesday, May 14, at 3 o'clock, when experts will give demonstrations of cutting and the best methods of cooking the various cuts. Mrs. Foster and Mrs. Huntington supplied refreshments at the close of the meeting.

LAKE HILL

The monthly meeting of Lake Hill Women's Institute was held on Tuesday afternoon with a good attendance of members, and the president, Mrs. Scott, in the chair. The date of the annual exhibition was fixed for August 27. Mrs. Beddie to be general convenor, and the executive to consist of the board of directors. A meeting of the executive will be held on Friday, May 16, to arrange the prize list, and other details in connection with the fair. A wool-filled comforter will be made to exhibit at the Victoria Fall fair. An invitation was accepted to attend the laying of the corner stone of the new unit of the Solarium, on May 14, and as many members as possible are urged to attend. A campaign to raise money for the pillars is planned, under the co-operation of the school committee. Mrs. Service and Mrs. Findlay, Children may obtain further information from these ladies. Two successful card parties and a silver tea were reported for April, and Mrs. Currie reported that she had bought and distributed seed potatoes to members. Mrs. Moody read an entertaining paper on her recent trip to California, also showing some interesting pictures, which was much appreciated. During the meeting Mrs. Carpenter distributed tea towels among the members, asking each one to embroider the initials "W.I." in one corner. When completed they were presented to the institute, and a prize of two lovely geraniums awarded to Mrs. Myles for the best workmanship. At the close of the meeting Mrs. Carpenter and Mrs. Porter served afternoon tea, and a social half-hour was spent.

SOOKE AND NORTH SOOKE
The regular meeting of the Sooke and North Sooke Women's Institute was held in Sooke hall on Friday, Mrs. Howard presiding. The committee reported on three visits to the sick during the month and one to the League of Nations branch. It was decided the institute hold a dance on May 17, in Sooke Hall; final arrangements to be made later.

The ladies arranged to serve refreshments on Monday evening, May 5, at a public meeting, called for the purpose of arranging monthly visits to the district of a qualified nurse, to which Dr. Young, of the Provincial Health Department, and Miss H. Kelly, were invited as speakers. At the adjournment of the meeting a social tea was served by Mrs. R. Strong and Mrs. Jackson.

DR. C. T. SCOTT TO RETURN TO METROPOLITAN

Minister Will Resume Position at Church With Which He Was Formerly Connected

TO BE INTERIM PASTOR THERE

Announcement was made yesterday that Dr. Charles T. Scott, former pastor of the Metropolitan Church and now of Metro United Church, Hamilton, has accepted the interim pastorate of the Metropolitan Church, effective September 1. Dr. Scott will come here when the arrangements for supply in the months of July and August terminate, during the extended leave of Dr. W. J. Sippell. It will be a ten months' appointment, until conference of 1931.

The return of Dr. Scott will be welcomed by a much wider body than his own communion, because he enjoyed a splendid reputation as citizen and eloquent speaker during the pastorate here, which terminated in 1916. He was at Howard Park Church, Toronto, when union came, in 1922.

Brick Addition

A building permit was issued yesterday, at the City Hall, by Inspector Barf, for a brick addition, estimated to cost about \$7,500, to the oil station of the Imperial Oil Company, at the corner of Moss Street and Fairfield Road. Messrs. Townley & Matthews are the architects, and Messrs. Parfitt Bros. the contractors.

New Heavenly Body Discovered by Girl

A HEAVENLY drama in which a girl astronomer played a major role had its setting in the Dominion observatory at Ottawa. Information received from Harvard College observatory led Dominion authorities to believe planet photographed by them in 1924 was new planet and not the planet "X," reported from Lowell, Mass. Study of photographic plates and the discovery of the minute speck by Miss M. S. Burland strengthened supposition. (1) Miss M. S. Burland, young astronomer, who discovered tiny speck of supposed new planet on photographic plate. (2) Photograph of planet. (3) Meldrum R. Stewart, director of Dominion observatory, under whose direction search for the planet was made. (4) Diagram showing position of supposed new planet in universe. (5) The telescope in the dome of the Dominion observatory; the short cylinder to the right is the camera which took the photograph. A clockwork attachment to the telescope revolved it to offset the motion of the earth, and (6) Dr. Francois Henroteau, the Belgian-born astronomer of the Dominion observatory, who took the original photograph, not supposing that he had snapped a planet.

Palmolive is *the* soap
which thoroughly cleanses
the skin

and at the same time reveals *natural* loveliness

says the celebrated

LEON DESFOSSÉ

—one of the best known of all
Parisian beauty specialists

"I always advise my clients to wash their face twice a day for 2 minutes with Palmolive Soap and warm water, making first a lather with both hands, then thoroughly rinsing with warm water and with cold, thus toning up the complexion."

L. Desfosse

The cosmetic oils in this famous facial soap are your best safeguard against modern dangers to skin beauty.

If you've been to Paris... if your friends have been to Paris... you probably know of the chic beauty salon of Desfosse on the Rue St. Honoré. The establishment Desfosse has been a training school for many of the now famous French specialists, including Emile Massé of the Rue Daunou.

Desfosse, himself, was called to Madrid to attend the members of the Spanish Court at the time Alfonso XIII was crowned king. He was also called to Germany to attend the princesses when the last king of Saxony was crowned.

It is a man of such international professional importance who urges you to use Palmolive Soap... because of "a unique blending of the palm and olive oils it contains, agents which cleanse and soothe the complexion and at the same time bring out natural color."

Desfosse is not alone in his opinion of the tonic effects of palm and olive oils. As a matter of fact, these beauty oils were used by

Cleopatra. And, today, a tremendously impressive group of more than 18,900 beauty specialists—throughout the world—advise Palmolive Soap.

Ordinary soaps won't do

Beware of using crude soaps, soaps made of undesirable fats, soaps artificially colored or highly perfumed. They may be harmless. But to experiment is dangerous. Palmolive is made of the oils of palm and olives only. It is these oils which give it Nature's own green color. They make unnecessary the addition of heavy perfumes.

"The skin must be thoroughly washed, but care taken to employ only the soap which gives the greatest benefits with the least inconvenience," the great Desfosse warns you. So many soaps are irritating. You should not experiment when it is so easy to buy Palmolive. Millions use it for the bath as well as the face.

Here is the recommended treatment: massage a smooth lather of Palmolive Soap gently into the skin. Rinse, first with warm water, then with cold. Now—and not before—you are ready for make-up.

You will find it safe, protective, bland and soothing. The world's great beauty experts advise it. Try Palmolive and you will understand why.

Just think what this professional advice means! More than 18,900 important beauty shops advise Palmolive!

TAX RATE IS CUT TWO MILLS

Duncan Adopts Schedule of Rates for 1930, With Special Levy for Fire Protection

DUNCAN, May 7.—Duncan's tax rate is down two mills over the 1929 figures. At Monday night's meeting of the City Council, the following schedule of rates was adopted: General rate, 14 mills on land values only; school rate, 17.5 mills, on land values only; debt rate, 7 mills, on land values only. An additional levy of four mills on 50 per cent of improvement values will be collected for fire protection purposes. The general rate is down two mills, the school rate is one mill lower, while the debt rate is up one mill. The fire protection tax is the same as in 1929.

LAKE COWICHAN COMMUNITY CLUB HOLDS SOCIAL

LAKE COWICHAN, May 7.—On Saturday night the Cowichan Lake Community Club held a most successful dance at the Lakeside Hotel, when one of the largest crowds that has been present at any dance for a long time attended and enjoyed the rollicking tunes played by the Salisbury Serenaders from Victoria. Much of the success of the evening is due to the proprietors of the Lakeside, Mr. and Mrs. T. Atkins, who kindly lent their home to help out the club. The lounge and rotunda had been prettily decorated with Spring blossoms.

Mr. P. Reed made a splendid M.C. and, in fact, kept everything going in perfect hilarity. Mr. Proctor McPherson kept the door. The ladies served "hot dogs" and coffee to two hundred people, and were assisted in the cooking of the "dogs" by Mr. Allan Castley. The hall fund will be greatly benefited by this dance.

"AT HOME" HELD FOR GIRL GUIDES

MOUNT NEWTON, May 7.—The South Saanich Girl Guides and Brownies were "at home" on Saturday afternoon, in the grounds of "Bardsey," the home of Colonel and Mrs. H. R. Gale. The afternoon was fine and the fête was well attended. Both the Guides and Brownies did good business at their stalls. The games, silver tea, and Dutch garden were also well patronized, and the First South Saanich Company and pack are grateful to the many kind friends who helped to make the afternoon such a success.

LAKE COWICHAN, May 7.—At 10 o'clock on Sunday, Padre H. E. Gridley, of the Cowichan Lake Mission, held Sunday school; at 10:30 he conducted church service. Mrs. H. Mountain kindly played the hymns. Mr. Gridley will hold his Mother's Day service on May 18.

CITY POLICE COURT

In the city police court, yesterday, Alex. Kutcher was fined \$15 by Magistrate George Jay, for assaulting Nick Kopajtic.

D. Atkinson was fined \$15 for driving to the common danger. Mr. F. C. Elliott appeared for the accused.

Albert Woodruff, charged with driving to the common danger, asked for a remand of one week. This was granted.

Sandy was a very patriotic Scotman, and one day when the subject of the great poets arose he thought he'd put in a word for Robert Burns. "Look here," he said, "You Englishmen think a lot of William Shakespeare. I've think he was mair clever than Rabble Burns."

"Certainly!" replied the Englishman. "There's absolutely no comparison between them."

"Maybe so!" Sandy hotly retorted. "But my Rabble Burns would ne'er write such nonsense as 'tweeny lies the head that wears a crown!'"

"Nonsense! What do you mean?" asked the Englishman.

"Ay, nonsense!" said the Scot. "Rabble Burns was just bang the crown ower the back of a chair."

IS INSTANTLY KILLED

VANCOUVER, May 7.—Caught in a traveling belt in the planing mill of the Eburne sawmills, Marpole, Mr. Harry Critchley, aged thirty-four, was instantly killed at 3 o'clock this morning.

Critchley, employed as a planer-feeder, caught his leg in the feeder and was dragged into a revolving pulley and crushed to death.

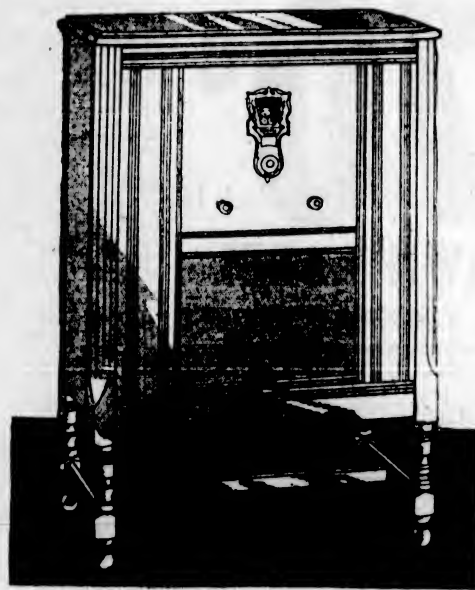

He had been employed at the mill for nine years.

The deceased leaves a wife and two children.

Florence Nightingale's Birthday Anniversary to Be Observed at Jubilee and St. Joseph's

Monday next is Florence Nightingale or Hospital Day, when the Provincial Royal Jubilee and St. Joseph's Hospitals will be open to visitors from 2 o'clock to 6 in the afternoon. Nurses will conduct visitors over the hospitals.

Hospital Day is the birthday of Florence Nightingale, who was born at Florence, Italy, May 12, 1820. On each anniversary of this day the hospitals of the country are asked to honor her memory, and at the same time to acquaint the people with facts concerning the running of hospitals.

The story of Florence Nightingale and the story of the modern hospital are inseparable. Less well known as the founder of the Nightingale Nursing Home in connection with the old St. Thomas Hospital, of London (founded in 1215), than for her brilliant work of organizing and personally leading the nursing of the wounded and sick soldiers during the Crimean War, her service in every phase of hospital work is as far-reaching as in the training of women for the care of the sick in times of war and epidemics. On her return from the Crimean War she devoted her energy, the rest of her life and the \$50,000 given to her by the British Government,

to the development of the Nurses' Home which she founded.

Hospital Day was first observed on May 12, 1921. The suggestion that this day be set apart for making people acquainted with their hospitals came from Mr. Matthew O. Foley, who was warmly supported by the late President Harding.

Since then the yearly observance of the day has received more and more hearty co-operation from ex-President Coolidge, President Hoover, hospital authorities and the public. From the United States and Canada the idea has spread to England, where the Prince of Wales has expressed his interest, and to China, where the day is being used to break down the prejudices of the natives.

Otto H. Kahn, the rich patron of the arts, was talking about art.

"High brow artists," he said, "are content to make a living. The low brow wants to make a fortune."

A high brow wrote a play. It was put on at one of the little theatres, as high brow theatres are always called, in Greenwich Village.

On the third or fourth night the author turned up and said anxiously to the box office man:

"Well, old horse, how's the show?"

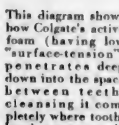

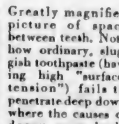

"Oh, very much better," said the box office man. "Fever and fewer leave now before the end of the show."

"If only you'd look at me straight in the eyes," said the man with the heart of flint. "I'd try and forgive you the whole of your life."

But she couldn't—because of her squint.

DON'T fool yourself that your teeth are really clean

...unless you've cleansed the tiny crevices where decay begins. Colgate's penetrating foam sweeps down into these hard-to-reach places, removing decaying matter, cleansing teeth completely.

DON'T be content with merely polishing the surfaces of your teeth... any toothpaste can do that. Use the one dentifrice designed especially to go deep down into the tiny spaces between teeth where ordinary brushing doesn't reach. Colgate's active, penetrating foam not only polishes brilliantly, but gives an extra protection by cleansing these little fissures scientifically, thoroughly... thus removing the danger of half-clean teeth.

Your dentist will tell you that no dentifrice can cure pyorrhea; no dentifrice can correct acid saliva; no dentifrice can firm the gums. He will tell you that the one big job of the dentifrice is to clean the teeth. Colgate's cleans teeth best! That is why most dentists recommend it.

CHAPTER XI

Crooked Bill rubbed his hands together and smiled a coyote smile. "You're going to tell me that this rise in Motors is undoubtedly one of the greatest bull movements ever noted in the market, but that from sources of information you cannot, in honor, divulge, you happen to know that the bears aren't licked, that they have the bulls in a tight corner and that Motors is due to crash. I want you to use the word 'crash.' It's a good word. It's—It's—significant. Then you can hide me for not coming to you with my troubles when the thing got slippery. You tell me I was a darned old fool for not doing so; that if only I could have held on a little bit longer the tide would have turned and you would have been delighted to have loaned me a million to carry me over. 'Sabe' that?"

"Yes, sir. Then what?"

"Why, I'll be overcome with emotion and say: 'Glenn, you ought to know I'd be the last man in the world to suggest a loan from you, of all men—under the circumstances.' And I'll give Bobby a look that will be—well, significant. He'll be grateful to me for not having placed her in position of having to be grateful to you for helping me. But at the same time I'll be grateful to you for suggesting it. Well, I'll tell you it's too late now, and you jump up and yell that it isn't, and that you will see that bank and get them to refrain from recording the deed I gave them to Hillcrest; that you'll get them to accept my amendment, on my notes and continue to hold the deed as additional security for the loans."

"So far I follow you. What next, Mr. Latham?"

"You jump up and say you must have time to think. France up and down the dining room, thinking hard. Act like a movie actor. Show Roberto, who will be watching you, fascinated, that in an emergency nobody need look beyond you. Prove to her you are a strong man—a quick-thinking, bold, adventurous, brave fellow, but be careful to ignore her completely. Make it plain that what you are going to do is because of your ancient friendship for me. Disclaim any risk. Then, with your plan to save the old homestead and the family fortune."

"The plan," Glenn Hackett demanded, "the plan."

Crooked Bill's eyes fairly popped with delight at the part he was playing. "When I first jumped into the market, with the stock a quick-thinking, bold, adventurous, brave fellow, but be careful to ignore her completely. Make it plain that what you are going to do is because of your ancient friendship for me. Disclaim any risk. Then, with your plan to save the old homestead and the family fortune."

MOTHER'S DAY TO BE MARKED

Institution Is Generally
Observed on Second
Sunday in May
Everywhere

GIFTS WILL BE MADE SUNDAY

Mother's Day, now established for twenty-four years, is recognized as an institution throughout the world, a day when citizens outwardly express "the love and reverence we feel for the mothers of our country." Sunday, May 11, will be a brighter day for the mothers, not only with greetings and expressions of affection, but with gifts which add pleasure and lighten the burden of daily life. The trend toward consideration has increased yearly since the date of inception in 1906 of Mother's Day.

Kind words and complimentary expressions are greatly appreciated, but her people are learning, through the medium of observation, that mothers need health and strength to bear and rear sturdy children, contact with the outside world to counsel wisely, and amusement to enable her to bear the petty trials of everyday life with the equanimity that makes the atmosphere of the home.

For the last few years newspapers have been increasingly full of the rush of the public to stores, florists, confectioners, book stores, and jewelers in seeking gifts for Mother's Day. As the observance yearly becomes more general, the demand for these articles increases proportionately. In Victoria it is estimated that the rush will be greater than ever, and every preparation has been made.

VIEWPOINT HAS GREATLY CHANGED

Drudgery of Domestic Life Has
Seen Modifications
Since 1906

Since Mother's Day was originated twenty-four years ago by Miss Anna Jarvis, of Philadelphia, in honor of her own mother who had passed away, the mother's view of life has undergone a remarkable change, similar to the view of the entire public. People are trying to do away with the drudgery of life, much of which fell upon mother in her household duties. There was a time when the world thought that drudgery and sacrifice, even at the expense of health, built character. In the quarter century since that time the world has come to believe that there are better ways of developing strength of character and spirit—ways more agreeable and enjoyable. Out of this belief comes the sentiment for relieving mothers of this over-heavy burden.

FEEDING FAMILY EASIER
Household machinery is taking the load of work from mother's shoulders. The jokers still have their fun about families being fed out of tin cans, but the fact is that much of the food now sold is as good as mother herself made and saves her much labor.

Dressmaking is almost a lost art for mother, though she used to make the dresses for herself and the girls and the suits for the small boys. Now she can buy better than she can make and her strength is again conserved.

A quarter of a century ago amusement, while a pleasure for mother, was also a hard task. To go a long distance to a picnic by buggy and railroad or to travel downtown to amusement places, taxed her strength. Now the automobile gives her convenience for much more outdoor recreation with less work. Entertainment comes into her home by radio and phonograph, or, if she wishes to go to a theatre, she finds it in her neighborhood.

Besides greeting cards, flowers, leather goods, books, jewelry, and candy, lasting and labor-saving gifts will be presented to mother this year.

So Mother's Day brings more than sentiment. To these ministering angels of the home it brings happiness and practical help, and this year will do so more than ever before.

IDEA HAS SPREAD IN MANY COUNTRIES

Mother's Day is now observed annually in many parts of North and South America, Europe, Africa, and in such countries as Japan, China and Palestine.

Children are urged in the talks and songs and the writings to let mother know by some token that they have not forgotten her.

The children are told that along with these material expressions of appreciation should go that other way of showing devotion to mother, best expressed by the behavior, by living as she wants the children to live, so that she may feel that her labor and care for them have not been in vain, but that her virtues have been anchored in her children.

There was a time when the joy of motherhood was the only compensation for the mother's life of hard work and monotony, but the progress of the world in the humanities now aids mother in maintaining physical strength, well being, happiness and peace.

That is the trend in the observance of Mother's Day and indicates how the greatest Mother's Day of all time, in the year 1930, will be observed.

To Mother In 1930

Mother, you may syncopate
Your lullabys, or even wait
To dial in on the bed-time hour.
You may speak a language new
And scientific, sprinkled through
With slang; or drive a swift, high-
power'd
Car, or pilot your own plane.
Indeed, your modernistic brain
May vibrate to the dynamo;
But underneath, your mother's
heart
Is filled with love, and still a part
Of our most sacred long ago.
